

About Us

The International School of Walvis Bay (ISWB) is an equal opportunity employer and a forward-thinking educational institution committed to delivering excellence in teaching, learning, and holistic student development. We are seeking an experienced and dynamic **Design & Technology Teacher (Full-Time) Lower & Upper Secondary** to join our growing Cambridge International team.

Subjects: Design & Technology (Key Stage 3 – A Level), being able to teach Mathematics & ICT will be an advantage.

Location: The International School of Walvis Bay – January 2027

Key Responsibilities

- Teach Cambridge Design & Technology from Key Stage 3 through AS & A Level, with the ability to teach Mathematics and ICT being an added advantage.
- Deliver engaging, learner-centred lessons that encourage critical thinking, creativity, and problem-solving.
- Prepare students for Cambridge examinations with a focus on critical thinking, analytical writing, and academic rigour.
- Monitor, assess, and report on student progress.
- Collaborate with colleagues to promote cross-curricular learning and enrichment activities while upholding high professional standards.
- Contribute to the wider school community through extracurricular activities and collaborative initiatives.

Minimum Requirements

- A recognised Bachelor of Education degree with Design & Technology as major (Secondary Phase).
- Alternatively, a bachelor's degree with Design & Technology or a related field as a major with a Teaching Diploma or equivalent international teaching qualification.
- A Minimum of 2 years' teaching experience in Design & Technology in Key Stage 3 – A Level (Cambridge experience preferred).
- Strong classroom management and communication skills.
- Excellent command of both spoken and written English.
- Professional commitment to academic excellence and learner development.

How to Apply

Interested candidates are invited to submit a detailed CV and a cover letter outlining their suitability for the role to vacancies@iswb.na by not later than 31 August 2026. Only shortlisted candidates will be contacted. Please note that no applications will be returned. Candidates may undergo psychometric assessments.
